

# THE PBAS GROUP

## **COMPANY ADVISORY – COVID-19**

As we navigate through this worldwide health pandemic, we are mindful of the need to take precautions to protect our staff, clients, and vendors. We continue to monitor the updates provided by the Government of Canada and Public Health. To that end, we're limiting walk-in service at this time. However there are other convenient ways to safely connect with us.

- **Phone: 204 982-6070** during our business hours 8:30 am to 4:30 pm.
- **Online:** visit our website at [pbas.ca](http://pbas.ca) for helpful information.
- **Email: [Winnipeg@pbas.ca](mailto:Winnipeg@pbas.ca)**
- **Set up an appointment:** contact our office by phone and request a telephone conference appointment.

Our staff will continue to work hard to maintain current service levels during these challenging times. However, claims payment turnaround may be slightly impacted, along with response times to inquiries. In such circumstances, urgent care claims will take priority.

Thank you for your patience and understanding.
